

I suggest that since Sinclair Broadcasting is so biased in their coverage and totally unethical in their presentation of election news that their license should be forfeited. The media coverage should be fair and unbiased and at least present both sides of the opposing parties. As citizens of this democracy, we have a right to all viewpoints as expressed under the Constitutional right of free speech. Manipulation of the media by the rich and powerful to present slanted news should not be allowed. Marie Saitta. Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
